

Year 3 Computing – Learning Journey

Autumn

Online Safety:

- Understand how to stay safe online using; safe passwords, reliable websites and appropriate content/ ratings.

Computing Systems and Networks:

- Identifying that digital devices have inputs, processes, and outputs,
- How devices can be connected to make networks.

Spring

Creating Media:

- Create a 'stop motion' animation using onion skinning.

Programming A:

- Creating sequences in a block-based programming language to make music.

Summer

Data and Information:

- Building branching databases to group objects using yes/no questions.
- Using branching databases.

Programming B:

- Writing algorithms that use a range of events to trigger sequences of action.
